Mission

Transform more lives by making self-directed home care easier for all.

Vision

We support individuals with disabilities or chronic illnesses and aging adults, eligible for public Medicaid assistance, to “self-direct” their own long-term home care. We offer services to self-directing program participants and their care/support workers such as onboarding, filing related forms, tracking time, processing timesheets, calculating employee benefits, paying and withholding taxes, managing compliance issues, payments for services from third parties, and tracking assigned budgets/spending for participants and state/managed care organizations.

[SELF DIRECTED HOME CARE OVERVIEW](#)

“Self-direction is the best thing for me, the best. I wouldn't trade it for anything in the world. I don't want any strangers coming in and out of my house.”

- Anita Parris

Self-directing since 2018

“Nobody takes care of you like your family does. That's all through Public Partnerships. The people who work for them are always available to help you.”

- Jeff Corsi

Self-directing since 2020

“I want somebody that I trust completely taking care of Griffin. Self-direction and PPL allows me to have that.”

- Teresa McMahon

Self-directing since 2018
